

When will you receive your annual pension statement 2023?

Ultimately on 1 March 2024 we will inform you about your annual pension statement 2023. You can use the statement for your tax return over 2023.

The changes in your pension in 2024

You pay a monthly contribution for the Zvw health insurance and for payroll tax. We will deduct these contributions from your gross pension. The amount remaining is your net pension.

The contribution for the Zvw health insurance decreases

The contribution for the Zvw health insurance is induced as of 1 January 2024 and amounts to 5.32% of your gross pension. In 2023, this was 5.43%. As a result, your net pension will be slightly higher. You pay a maximum of € 3.810,61 per year. You do not pay any contribution over your gross annual pension in excess of € 71,628.

The taxation changes per tax bracket

The payroll tax consists of wage tax and national insurance contributions. Below you see the contributions, percentages and amounts for deductions on your pension as of 1 January 2024.

Below, you see the new percentages and the corresponding maximum amounts.
